
Omsk State Technical University

Some facts about Omsk

- Founded in 1716 at the confluence of 2 rivers: Irtysh and Om
- 2nd biggest city in Siberia and 9th biggest city in Russia
- Located 150 km from Russia/Kazakhstan border
- Large scientific, cultural, sports and industrial center of Russia

OmSTU is one of the biggest Russian technical universities which is equipped with state-of-the-art machinery that ensures high-quality professional training.

In 2016 OmSTU became the first flagship university in Omsk. This status implies training of specialists who are sought-after in the region, implementing research projects relevant for social and economic development of the region, as well as active participation of the university in city's life.
